**NOTES:**

1. In view of the continuing Covid-19 pandemic, the Ministry of Corporate Affairs ("MCA") has vide its circular dated May 5, 2020 read with circulars dated April 8, 2020 and April 13, 2020 (collectively referred to as "MCA Circulars") permitted the holding of the Annual General Meeting ("AGM") through VC / OAVM, without the physical presence of the Members at a common venue. In compliance with the provisions of the Companies Act, 2013 ("Act"), SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations") and MCA Circulars, the AGM of the Company is being held through VC / OAVM.
2. The relevant details, pursuant to Regulations 26(4) and 36(3) of the SEBI Listing Regulations and Secretarial Standard on General Meetings issued by the Institute of Company Secretaries of India, in respect of Directors seeking appointment/re-appointment at this AGM is annexed.
3. Pursuant to the provisions of the Act, a Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a Member of the Company. Since this AGM is being

held pursuant to the MCA Circulars through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.

4. Institutional / Corporate Shareholders (i.e. other than individuals / HUF, NRI, etc.) are required to send a scanned copy (PDF/JPG Format) of its Board or governing body Resolution/Authorization etc., authorizing its representative to attend the AGM through VC / OAVM on its behalf and to vote through remote e-voting. The said Resolution/Authorization shall be sent to the Scrutinizer by email through its registered email address to [rmimani@csrma.in](mailto:rmimani@csrma.in)/[mmimani@csrma.in](mailto:mmimani@csrma.in) with a copy marked to [evoting@cdslindia.com](mailto:evoting@cdslindia.com).
5. The Register of Members and the Share Transfer books of the Company will remain closed from September 14, 2020 to September 19, 2020, (both days inclusive) for the purpose of Annual General Meeting of the Company.
6. To support the 'Green Initiative', Members who have not yet registered their email addresses are requested to register the same with their DPs in case the shares are held by them in electronic form and with Purva Sharegistry (India) Private Limited in case the shares are held by them in physical form.
7. Members are requested to intimate changes, if any, pertaining to their name, postal address, email address, telephone/mobile numbers, Permanent Account Number (PAN), mandates, nominations, power of attorney, bank details such as, name of the bank and branch details, bank account number, MICR code, IFSC code, etc., to their DPs in case the shares are held by them in electronic form and to Purva Sharegistry (India) Private Limited in case the shares are held by them in physical form.
8. As per the provisions of Section 72 of the Act, the facility for making nomination is available for the Members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. Members are requested to submit the said details to their DP.
9. In case of joint holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote at the AGM.
10. Members desiring any clarification on accounts are requested to write to the Company at an early date through email on [info@sangamrenew.com](mailto:info@sangamrenew.com) so as to enable the Company to keep the information ready.
11. In compliance with the aforesaid MCA Circulars and SEBI Circular dated May 12, 2020, Notice of the AGM along with the Annual Report 2019- 20 is being sent only through electronic mode to those Members whose email addresses are registered with the Company/ Depositories. Members may note that the Notice and Annual Report 2019-20 will also be available on the Company's website [www.sangamrenew.com](http://www.sangamrenew.com), websites of the Stock Exchanges i.e. BSE Limited at [www.bseindia.com](http://www.bseindia.com), and on the website of CDSL : <https://www.evotingindia.com>.
12. At the 17<sup>th</sup> AGM held on September 30, 2016, the Members approved appointment of R T Jain & Co. LLP, Chartered Accountants, (Firm Registration No. 103961W) as Statutory Auditors of the Company to hold office for a period of five years from the conclusion of that AGM till the conclusion of the 22<sup>nd</sup> AGM, subject to ratification of their appointment by Members at every AGM, if so required under the Act. The requirement to place the matter relating to appointment of auditors for ratification by Members at every AGM has been done away by the Companies (Amendment) Act, 2017 with effect from May 7, 2018. Accordingly, no resolution is being proposed for ratification of appointment of statutory auditors at the 21<sup>st</sup> AGM.
13. Since the AGM will be held through VC / OAVM, the Route Map is not annexed in this Notice.
14. Instructions for e-voting and joining the AGM are as follows:
  - (a) Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars dated April 08, 2020, April 13, 2020 and May 05, 2020 the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. ### **Item No. 2**

Mr. Hitesh Pranjivan Mehta (DIN: 00207506), on the recommendation of the Nomination and Remuneration Committee was appointed as an Additional Director with effect from June 15, 2020 by the Board in accordance with the Articles of the Articles of Association and Section 161 of the Companies Act 2013 (“the Act”).

As per Section 161 of the Act, Mr. Hitesh P. Mehta holds office upto the date of the ensuing Annual General Meeting. The Company has received the requisite notice in writing under Section 160 of the Act along with requisite deposit from a member proposing the candidature of Mr. Hitesh P. Mehta to be appointed as an Executive Director at the ensuing Annual General Meeting liable to retire by rotation. Mr. Hitesh P. Mehta has consented to the proposed appointment and declared qualified.

Mr. Hitesh P. Mehta possesses the requisite knowledge, experience and skill for the position of Director. The Board on receipt of the said notice from a member and on the recommendation of Nomination and Remuneration Committee and subject to approval of members in the ensuing Annual General Meeting has accorded its consent, to appoint Mr. Hitesh P. Mehta as an Executive Director liable to retire by rotation. Mr. Hitesh P. Mehta will not be entitled for any remuneration as per the company policy except sitting fees for attending Board Meetings.

A brief profile of Mr. Hitesh P. Mehta is provided in the “Annexure” to the Notice pursuant to the provisions of (i) the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and (ii) Secretarial Standard on General Meetings (“SS-2”), issued by the Institute of Company Secretaries of India.

Except Mr. Hitesh P. Mehta, no other Director, Key Managerial Personnel of the Company and their relatives thereof are interested or concerned financial or otherwise in the proposed resolution. The Board of Directors recommend passing of the resolution set out in Item No. 02 of this notice.

### **Item No. 3**

The Board, in its meeting held on June 15, 2020, has approved the appointment of Mr. Pujan Pankaj Doshi (DIN: 07063863) as the Managing Director of the Company for a period of five years ends on June 14, 2025. The Board has taken the decision of said appointment based on the recommendation of the Nomination and Remuneration Committee and subject to the approval of the members of the company.

Mr. Pujan P. Doshi is not disqualified from being appointed as a Director or Managing Director in terms of Section 164 of the Companies Act, 2013. He has communicated his willingness to be appointed and has given his consent to act as Managing Director of the company. He satisfies all the conditions as set out in Section 196(3) of the said Act and Part-I of Schedule V thereof and hence, is eligible for re-appointment.

A brief profile of Mr. Pujan P. Doshi is provided in the “Annexure” to the Notice pursuant to the provisions of (i) the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and (ii) Secretarial Standard on General Meetings (“SS-2”), issued by the Institute of Company Secretaries of India.

It is proposed to seek Members' approval for the appointment of and remuneration payable to Mr. Pujan P. Doshi as a Managing Director, in terms of the applicable provisions of the said Act and the Rules made thereunder.

Broad particulars of the terms of appointment of and remuneration payable to Mr. Pujan P. Doshi are as under:

- (1) Salary (including perquisites) Re. 1/- (Rupee One Only) per annum with annual or mid-term increments as approved by the Board/Committee of the Board within a limit so that the total remuneration is within 5% (five) per cent of the net profits of the Company. Annual performance incentive as may be decided by the Board/Committee of the Board, subject to a ceiling of one hundred (100) per cent of salary.

**2. RESULTS OF OPERATIONS & STATE OF COMPANY'S AFFAIRS**

Financial Year 2019-20 has been a challenging year with weakening macro-economic conditions, slowing market growths and finally, COVID-19 outbreak and containment measures towards the end of the year. We have grown competitively overall in the segments in which we operate, in financial year 2019-20.

During Financial Year 2019-20, the year under review, Sangam Renewables Limited and its subsidiaries (the Company) commissioned 1.64MWp (3.5 MWp FY 18-19) rooftop projects, signed PPAs for 18.60 MWp (34.6 MW last FY 18-19) rooftop and ground mounted projects. A total of 42.2 MWp are under construction. Projects of 15.80 MWp are also scheduled to be taken up for construction soon.

For the current FY 2020-21, the Company revenues and performance may be affected due to the following factors:

- Project delays due to lockdowns affecting delay in revenue generation.
- Increase in construction costs (due to COVID restrictions).
- Increase in interest cost during construction (IDC).
- Inadequate maintenance of operational projects due to COVID lockdowns and lack of readily available manpower.

These factors shall affect the IRR and thus the feasibility of projects affecting profitability of the Company in this financial year.

The Company plans to continue its focus on the Commercial & Industrial (C&I) market segment to sign Power Purchase Agreements with companies of high credit rating (BBB+ and better), to install Solar PV plants on rooftops as well as ground mounted (within campus or remotely located under open access). The Company shall also continue to provide advisory and consultancy services in solar specific vertical. Given the COVID situation at present, the Company's marketing efforts are subdued till the lockdown is lifted. This could have an impact on the achievement of the planned figures.

For ease of operations, administrative convenience, the Company has decided to have multiple subsidiary companies based on the type of Off Takers.

The Company incurred consolidated loss before tax of Rs. 252.01 lakhs and after tax loss of Rs. 317.65 Lakhs for the FY 2019-20, as against consolidated profit before tax of Rs. 82.07 lakhs and after tax loss of Rs. 191.44 lakhs during FY 2018-19.

**Impact of Covid-19**

During the last quarter of the year under review the incidence of Covid-19 developed into a global pandemic. The directors have assessed the impact of Covid-19 on the business at the balance sheet date and there was significant adverse impact in energy revenue and changes as of the balance sheet date. The company continues to provide the services to its customers, although some parts of the business have been disrupted due to the current lockdown conditions in most part of the country. Due to the worldwide uncertainty caused by Covid-19, and its potential to impact the company, the company has put in place mitigation plans to minimize the adverse impact on both revenue and profitability. There are no material changes or commitments affecting the financial position of the Company between the end of the financial year and the date of the report.

### 3. DIVIDEND AND RESERVES

No dividend was declared for the current financial year due to conservation of profits and continued investment in the business.

### 4. SHARE CAPITAL

The authorised share capital of the Company is Rs. 210,000,000/- (Rupees Twenty One crores only) comprising 21,000,000 equity shares of face value of Rs. 10/- each.

The paid up equity share capital as at March 31, 2020 stood at Rs. 208,148,340 (Rupees Twenty Crore Eighty one Lakh Forty-Eight Thousand Three Hundred and Forty only).

The Company has allotted 10,800,000 (One Crore Eight Lakh) Equity Shares of the face value of Rs. 10 each to Waaree Energies Limited, a promoter group Company and with this allotment the Company has become subsidiary of Waaree Energies Limited with effect from April 08, 2019.

The Company has not issued any equity shares with differential rights during the year under review and hence no information as per provisions of Rule 4(4) of the Companies (Share Capital and Debenture) Rules, 2014 is furnished.

The Company has not issued any sweat equity shares during the year under review and hence no information as per provisions of Rule 8(13) of the Companies (Share Capital and Debenture) Rules, 2014 is furnished.

## MANAGEMENT DISCUSSION AND ANALYSIS

### Industry Overview of the Solar PV Market

The Global Photovoltaic Market 2020 report of the IEA revealed that PV developers throughout the world installed 114.9 GW of new solar power in CY 2019. This represented a 12% increase from 2018, with significant growth across all continents. China was the world's largest PV market for the third year in a row with 30.1 GW of fresh capacity in the 12 months to the end of December 2019, followed by the United States with 13.3 GW and India at 9.9 GW. Overall, a total of 629 GW of solar was installed throughout the world by the end of 2019.

Cumulative Solar PV installations in India till 31 March 2020 were 34.40 MW accounting for 9.3% of the total power generation installed capacity in the country. The energy generated by these solar power plants was 50,100 GWh, which was only 3.6% of the total energy generation.

All around the world, solar and other renewables are now on the agenda of nearly all companies, governments and institutions. Distributed generation now plays a very significant part in the overall power mixes. In the coming years, Solar PV will have the potential to develop into an important source of electricity in an extremely fast pace in several countries around the world.

The COVID-19 situation is expected to impact the growth of Solar PV globally. The IEA forecasts that additions of renewable electricity capacity will decline by 13% in 2020 compared with 2019, the first downward trend since 2000. This is a 20% downward revision compared to their previous forecast in which 2020 was due to be a record year for renewable power. The update reflects both possible delays in construction activity due to supply chain disruptions, lockdown measures and social distancing guidelines, and emerging financing challenges. The outlook also takes into account ongoing policy uncertainty and market developments such as the most recent auctions and newly financed projects before the Covid-19 outbreak. However, the majority of these delayed projects are expected to come online in 2021 and lead to a rebound in capacity additions. As a result, 2021 is forecast to almost reach the level of renewable capacity additions of 2019.

The Ministry of New and Renewable Energy, Government of India, has formulated an action plan to achieve a total capacity of 100 GW of Solar power by the year 2022. This 100 GW is split into 3 parts i.e. 40 GW of utility scale power plants, 40 GW of rooftop Power plants and the other 20GW to be deployed by public sector companies owned by GOI. The push toward lower tender prices, at a time when components have become more costly through safeguard duties, has delayed several tenders and could shake up the future Indian solar PV market.

### Company achievements and plans

During FY19-20, the year under review, Sangam Renewables Limited and its subsidiaries (the Company) commissioned 1.64MWp (3.5 MWp FY 18-19) rooftop projects, signed PPAs for 18.60 MWp (34.6 MW last FY 18-19) rooftop and ground mounted projects. A total of 42.2 MWp are under construction. Projects of 15.80 MWp are also scheduled to be taken up for construction soon.

For the current FY20-21, the Company revenues and performance may be affected due to the following factors:

- Project delays due to lockdowns affecting delay in revenue generation
- Increase in construction costs (due to COVID restrictions)
- Increase in interest cost during construction (IDC).
- Inadequate maintenance of operational projects due to COVID lockdowns and lack of readily available manpower.

These factors shall affect the IRR and thus the feasibility of projects affecting profitability of the Company in this financial year.

The Company plans to continue its focus on the Commercial & Industrial (C&I) market segment to sign Power Purchase Agreements with companies of high credit rating (BBB+ and better), to install Solar PV plants on rooftops as well as ground mounted (within campus or remotely located under open access). The Company shall also continue to provide advisory and consultancy services in solar specific vertical. Given the COVID situation at present, the Company's marketing efforts are subdued till the lockdown is lifted. This could have an impact on the achievement of the planned figures.

### Operational Performance during FY20

During FY20, your Company's revenue on consolidated basis was Rs 565.89 lakhs as against Rs. 703.82 lakhs in previous year and loss of Rs 317.64 Lakhs as against loss of Rs 191.44 in previous FY19.

### Opportunities and Challenges

India's target of adding 100 GW of solar project capacity by 2022 is facing headwinds due to the current COVID situation at present as uncertainty on certain policy decisions especially relating to imports.

Over medium and long term, India's transition towards renewable energy presents an incredible opportunity but also challenges. Increasing the power system flexibility is not easy as more intermittent renewables are added to the grid. Grid integration has already become a significant issue as more solar power comes online in several regions of the country.

For our Company huge opportunities exist in solar PV Rooftop market, as well as the Open Access market in many states, both in public and private sector, and specifically in C&I market segment. There is increased willingness of consumers to meet a higher share of their energy demand through onsite sources. Many PSUs, Municipalities and Government agencies are planning for Solar Rooftop plants over their buildings due to a strong policy push by national and local governments.

Boost in government demand, on the other hand, is very encouraging with Government expected to become a major demand source for rooftop solar in the coming years.

The tilt towards the RESCO model is driven by an increase in the number of companies offering projects under this model, government procurement, acceptance by large C&I consumers of long term contracts and lower performance risks. Lack of financing for RESCO companies however continues to be a dampener. RESCO adoption has been limited to C&I and government clients so far.

#### **Other policy & Government initiatives:**

Except in a few states, no major policy changes have been observed since the last one year.

Net Metering policy, subsidies for residential, institutional & government consumers provides robust business opportunities for the Company. Most states and Union Territories have notified grid connectivity of solar PV plants under Net metering policy and regulations. The Government of India has recommended mandatory rooftop solar installations for buildings exceeding specified size and/or power consumption thresholds under the model.

Financing is a major backbone for solar PV segment expansion. The Government of India, with assistance from multilateral financial institutions such as Asian Development Bank and The World Bank, has earmarked significant amount of concessional credit lines for the rooftop solar market.

The Company is therefore poised for growth in the coming years due to availability of multiple means of financing, end user segments as target and execution capabilities to deliver. However, this FY 20 shall be a year with lower performance due to the current COVID situation in the country.

#### **Risk & Concerns**

The Company is exposed to various business risks such as un-anticipated labour costs, interest rates, financing appetite of lenders, execution challenges such as less experienced installers, strength of roof, rental property, government regulatory policy changes, likely imposition of anti-dumping and/or safeguard duty, delay in subsidies payments, lack of third party insurance products, future construction risk and above all biggest risk of tariff re-negotiation by power off-taker in light of dropping tariffs, global sourcing, forex and solar plant cost. The Company is also exposed to the fluctuations of economy, exchange rates and industry cycles / downturns.

During the current FY 20, the major concern is the COVID lockdowns and restrictions, affecting our marketing efforts and construction activities at sites.

#### **Adequacy of Internal Control System**

The Company's has adequate internal control systems for the business processes in respect of all operations, financial reporting, compliance with laws and regulations, etc. The Management information system forms an effective and sound tool in monitoring and controlling all operating parameters. Regular internal audits ensure that responsibilities are executed effectively. The Audit Committee reviews the adequacy of internal controls on regular basis.

#### **Human Resource Development**

The company recognises its human capital as its most important resource, and takes pride in the commitment, competence and dedication shown by its employees. Company is committed to nurturing, enhancing and retaining all its employees through superior Learning and Organizational development. The company recognises that its employees are critical pillar to support the organization's growth and its sustainability in the long run.

#### **Cautionary Statement**

Statement made in the Management Discussion and Analysis Report, as describing the Company's outlook, projections, estimates, expectations and predictions may be "Forward Looking Statements" within the meaning of applicable securities Laws and Regulations. Actual performance may be and could differ materially from those expressed or implied.

The Board meets at regular intervals to discuss and decide on business strategies/policies and review the financial performance of the Company and its subsidiaries. The Board Meetings are pre-scheduled well in advance to facilitate them to plan their schedules accordingly. In case of business exigencies, the Board's approval is taken through circular resolutions. The circular resolutions are noted at the subsequent Board Meeting.

The notice and detailed agenda along with the relevant notes and other material information are sent in advance separately to each Director and in exceptional cases tabled at the Meeting with the approval of the Board. This ensures timely and informed decisions by the Board. Minimum four prescheduled Board meetings are held every year (one meeting in every calendar quarter). Additional meetings are held to address specific needs, if any, of the Company.

During the Financial Year 2019-20, the Board of Directors met 06 (six) times and the maximum gap between any two consecutive meetings was less than one hundred and twenty days, as stipulated under Section 173(1) of the Act, and Regulation 17(2) of the Listing Regulations and the Secretarial Standard by the Institute of Company Secretaries of India.

**INDEPENDENT AUDITORS CERTIFICATE ON CORPORATE GOVERNANCE****To the Members of  
Sangam Renewables Limited**

We, have examined the compliance of conditions of Corporate Governance by **Sangam Renewables Limited (“the Company”)**, for the year ended on **March 31, 2020**, as stipulated in Regulations 17 to 27 and clauses (b) to (i) of Regulation 46(2) and para C and D of Schedule V to the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the “Listing Regulations”).

**Managements’ Responsibility**

The compliance of conditions of Corporate Governance is the responsibility of the Management. This responsibility includes the design, implementation and maintenance of internal control and procedures to ensure compliance with the conditions of the Corporate Governance stipulated in the Listing Regulations.

**Auditor’s Responsibility**

Our responsibility is limited to examining the procedures and implementation thereof, adopted by the Company for ensuring compliance with the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

We have examined the books of account and other relevant records and documents maintained by the Company for the purposes of providing reasonable assurance on the compliance with Corporate Governance requirements by the Company. We have carried out an examination of the relevant records of the Company in accordance with the Guidance Note on Certification of Corporate Governance issued by the Institute of the Chartered Accountants of India (the “ICAI”), the Standards on Auditing specified under Section 143(10) of the Companies Act 2013, in so far as applicable for the purpose of this certificate and as per the Guidance Note on Reports or Certificates for Special Purposes issued by the ICAI which requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.

**Opinion**

Based on our examination of the relevant records and according to the information and explanations provided to us and the representations provided by the Management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in Regulations 17 to 27 and clauses (b) to (i) of Regulation 46(2) and Para C and D of Schedule V to the Listing Regulations during the year ended 31st March 2020.

We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

**INDEPENDENT AUDITOR'S REPORT**

To the Members of

**Sangam Renewables Limited**

**Report on the Audit of Standalone Ind AS financial statements**

**Opinion**

We have audited the accompanying standalone Ind AS financial statements of **Sangam Renewables Limited** ("the Company"), which comprise the standalone balance sheet as at March 31, 2020, the standalone Statement of Profit and Loss, (including the statement of Other Comprehensive Income), the standalone Statement of Cash Flows and the standalone Statement of Changes in Equity for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the Ind AS & accounting principles generally accepted in India:

- a) in the case of the standalone balance sheet, of the state of affairs of the Company as at March 31, 2020; and
- b) in the case of the standalone statement of profit and loss, of the loss including other comprehensive income for the year ended on that date.
- c) in the case of the standalone statement of cash flows, of the cash flows for the year ended on that date.
- d) in the case of the standalone statement of changes in equity, of the changes in equity share capital and other equity for the year ended on that date.

**Basis for Opinion**

We have conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing as specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the Ind AS financial statements' section of our report. We are independent of the company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provision of the Act and the Rules thereunder, and we have fulfilled our ethical responsibilities in accordance with these requirements and the ICAI Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

**Other Information**

The Company's Board of Directors is responsible for the other information. The other information comprises the Board of Directors' Report, but does not include the Ind AS financial statements and our Auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Management's Responsibility for the Ind AS Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Ind AS financial statements that give a true and fair view of the standalone financial position, standalone financial performance including other comprehensive income, standalone cash flows and standalone changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and

detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

#### **Auditors Responsibility for the Audit of the Standalone Ind AS Financial Statements**

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

**Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditors Report) Order, 2016 (“the Order”) issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the **Annexure A**, a statement on the matters specified in the paragraph 3 and 4 of the order.
2. As required by section 143(3) of the Act, we report that:
  - a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
  - b) in our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.
  - c) the standalone balance sheet, the standalone statement of profit and loss including the statement of other comprehensive income, the standalone statement of cash flows and standalone Statement of Changes in Equity dealt with by this report are in agreement with the books of account.
  - d) in our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
  - e) on the basis of written representations received from the directors as on 31 March, 2020 and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March, 2019, from being appointed as a director in terms of Section 164(2) of the Act;
  - f) With respect to the adequacy of the internal financial controls over financial reporting of the company and the operating effectiveness of such controls, refer to our separate report in “**Annexure B**”.
  - g) In our opinion, the managerial remuneration for the year ended 31 March 2020 has been paid/provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;
  - h) with respect to the other matters to be included in Auditors Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to explanations given to us:
    - i. The Company does not have any pending litigations which would impact its financial position;
    - ii. The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses;
    - iii. The Company was not required to transfer any amount to Investor Education and Protection Fund,

**Annexure A to the Independent Auditors' Report****Referred to in paragraph 1 of the section on "Report on other legal and regulatory requirements" of our report of even date**

On the basis of such checks as we considered appropriate and according to the information and explanation given to us during the course of our audit, we report that:

- i. (a) The company has maintained proper records showing full particulars including quantitative details and situation of its fixed assets.  
(b) As explained to us, fixed assets have been physically verified by the management at reasonable intervals; no material discrepancies were noticed on such verification.  
(c) According to the information and explanation received by us, as the company owns no immovable property, the requirement on reporting whether title deeds of immovable properties held in the name of the company is not applicable.
- ii. The Company's business does not involve inventories. So the requirement of reporting of the clause (ii) is not applicable.
- iii. According to the information and explanations given to us and on the basis of our examination of the books of account, the Company has granted loan to its subsidiaries which is covered in the register maintained under Section 189 of the Companies Act, 2013.  

The repayment schedule in respect of the said loan is not stipulated as the loan is on demand. Terms and Conditions of such loan are not prejudicial to the company's interest.
- iv. The company has given loan to its subsidiaries which is in compliance of section 185 and section 186 of Companies Act, 2013.
- v. In our opinion, the company has not accepted any deposits within the meaning of Rule 2 (b) of Companies (Acceptances of Deposits) Rules, 2014.
- vi. According to the information and explanations provided by the management, no cost records have been prescribed under section 148(1) of the Companies Act, 2013 to be maintained by the Company.
- vii. (a) According to the records of the company, undisputed statutory dues including Income-tax, Goods and Service Tax, Custom Duty, to the extent applicable and any other statutory dues have generally been regularly deposited with the appropriate authorities. According to the information and explanations given to us there are no outstanding statutory dues as on 31<sup>st</sup> of March, 2020 for a period of more than six months from the date they became payable.  
(b) According to the information and explanations given to us, there is no amounts payable in respect of income tax, goods and service tax, sales tax, customs duty which have not been deposited on account of any disputes.
- viii. Based on our audit procedures and the information and explanations given by the management, the company is not having any loan from financial institution, bank or debenture holder so we are of the opinion that, no defaults in repayment of loans to any financial institution, bank or debenture holders has occurred.
- ix. Based on records of the company, the company has neither raised any moneys by way of Initial Public Offer or Further Public Offer or term loan during the year.
- x. Based on the audit procedures performed and the information and explanations given to us, we report that no fraud on or by the Company has been noticed or reported during the year.
- xi. According to information and explanations given to us, in our opinion, the company has paid managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Companies Act, 2013.
- xii. The Company is not a nidhi company. Therefore, the provision of this clause of the Companies (Auditor's Report) Order, 2016 is not applicable to the Company.
- xiii. Based on our audit procedures and on the information given by the management, the company has complied with the sections 177 and 188 of the Companies Act, 2013 for all the transactions with the related parties and the details of such transactions have been properly disclosed in the financial statements as required by the applicable accounting standards.

- xiv. The Company has not made any preferential allotment of shares during the year to parties covered in the register maintained under section 189 of the Companies Act, 2013.
- xv. The company has not entered into any non-cash transactions with directors of the company or its subsidiary or persons connected with them.
- xvi. The Company is not required to be registered under Section 45-IA of Reserve Bank of India Act, 1934.

### **Annexure - B to the Auditors' Report**

#### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **Sangam Renewables Limited** ("the Company") as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures

selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March, 2020, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Note 1 : NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020****A CORPORATE INFORMATION:**

Sangam Renewables Limited (“ the Company”) was incorporated on 22<sup>nd</sup> of June, 1999 as a private company limited by shares. It was converted into a public company on November 18, 2011. The Company is engaged in the business of generation of power through renewable energy sources and also providing consultancy service in this regard. It has its registered office in Mumbai and its energy generation site is located in state of Maharashtra.

**B BASIS OF PREPARATION:****B.1 Compliance with Ind AS:**

Ministry of Corporate Affairs notified roadmap to implement Indian Accounting Standards (‘Ind AS’) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016. As per the said roadmap, the Company is required to apply Ind AS starting from Financial Year beginning on or after April 1, 2017. Accordingly, the Financial Statements of the Company have been prepared in accordance with the Ind AS.

For the year ended March 31, 2020, the Company prepared its Financial Statements in accordance with the Accounting Standards notified under the Section 133 of the Companies Act 2013, read together with Companies (Accounts) Rules 2014 (Indian GAAP).

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- a) Certain financial assets and liabilities measured at fair value.

The Financial Statements are presented in Indian Rupees (INR) which is the functional currency for the Company. All amounts have been rounded-off to the nearest lakhs, unless otherwise indicated.

**B.2 CURRENT AND NON-CURRENT CLASSIFICATION:**

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset as current when it is:

- Expected to be realized or intended to sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalents. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

**B.3 SIGNIFICANT ACCOUNTING POLICIES:**

The following are the significant accounting policies applied by the Company in preparing its financial statements:

**a) Property, plant and equipment:**

- Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at cost less accumulated depreciation and impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the item.
- Subsequent costs are included in the asset’s carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of item can be measured reliably.
- The gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss on the date of disposal or retirement.
- On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant

**NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020**

and equipment recognized as at 1st April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

- Capital work in progress: Direct expenses including borrowing cost incurred during construction period on capital projects are capitalized. Other direct expenses pertaining to capital projects are allocated to projects shall also capitalized.
- Depreciation on the property, plant and equipment is provided on the straight line basis over the useful life of assets as specified in Part C of Schedule II to the Companies Act, 2013 or useful lives of assets estimated by the management based on technical advice in cases where a useful life is different than indicated in schedule II.

The following table shows the period over which management expects to use assets:

Asset category	Management estimated useful life	Useful life as per schedule II
End user devices such as desktops, laptops	3 yrs	3 yrs
Servers and networks	6 yrs	6 yrs
Furniture	10 yrs	10 yrs
Office equipment	5 yrs	5 yrs
Solar Power Plant	25 yrs	15 yrs

- Property, plant and equipment which are added / disposed off during the year, depreciation is provided on pro-rata basis with reference to the month of addition / deletion.

**b) Impairment of non-financial assets:**

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or Cash generating Units (CGU's) recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase. Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

**c) Cash and cash equivalents:**

For the purpose of presentation in statement of cash flows, cash and cash equivalents includes cash on hand, deposit held at call with financial institution, other short term, highly liquid investments with original maturities of 3 months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdraft.

**d) Financial Instruments:****(I) Financial Assets:****➤ Initial recognition and measurement**

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Financial assets are classified, at initial recognition, as financial assets measured at fair value or as financial assets measured at amortised cost.

**➤ Subsequent Measurement**

- **Financial assets measured at Amortised Cost**

A financial asset is measured at Amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- **Financial assets measured at Fair Value Through Other Comprehensive Income (FVTOCI)**

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- **Financial assets measured at Fair Value Through Profit or Loss (FVTPL)**

A financial asset which is not classified in any of the above categories are measured at FVTPL.

**➤ Impairment of Financial Assets:**

**NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020**

The Company assesses impairment based on expected credit losses model to the following:

- Financial assets measured at amortized cost;
  - Financial assets measured at fair value through other comprehensive income (FVTOCI);
- Expected credit losses are measured through a loss allowance at an amount equal to:
- The 12- months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
  - Full lifetime expected credit losses (expected credit losses that result from default events over the life of the financial instruments).

The Company follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables or contract revenue receivables.

Under simplified approach, the Company does not track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime expected credit losses at each reporting date, right from its initial recognition.

The Company uses provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix uses historical rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default dates are reviewed and changes in the forward looking estimates are analysed.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If the credit risk has not increased significantly, 12 month expected credit losses is used to provide for impairment loss. However, if the credit risk has increased significantly, lifetime expected credit losses is used. If, in subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Company reverts to recognizing impairment loss allowance based on 12-month expected credit losses.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increase in credit risk to be identified on a timely basis.

➤ **Derecognition:**

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised (i.e. removed from the Company's statement of financial position) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset.

**(II) Financial liabilities:**

➤ **Initial Recognition and measurement**

All financial liabilities are recognised initially at fair value and, in the case of loans, borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

➤ **Subsequent measurement**

The measurement of financial liabilities depends on their classification, as described below:

- **Financial liabilities at fair value through profit and loss:**

It includes financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit and loss.

Financial liabilities classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognized in the statement of profit and loss.

Financial liabilities designated upon initial recognition at fair value through profit and loss are designated upon initial recognition, and only if the criteria in Ind AS 109 are satisfied.

- **Loans and Borrowings:**

Borrowings are initially recognised at fair value, net of transaction cost incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction cost) and the redemption amount is recognised in profit or loss over the period of the borrowings using EIR method/ Straight line method. Fees paid on the establishment of loan facilities are recognised as

**NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020**

transaction costs of the loan to the extent that it is probable that some or all of the facilities will be drawn down. In this case, the fees is deferred until the drawn down occurs. To the extent there is no evidence that it is probable that some or all of the facilities will be drawn down, the fee is capitalised as a prepayment of liquidity services and amortised over the period of the facilities to which it relates.

➤ **Derecognition of Financial Liabilities:**

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash asset transferred or liabilities assumed, is recognised in profit or loss as other gain/(losses).

**(III) Offsetting of financial instruments:**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company, or the counterparty.

**e) Fair value measurement:**

Fair value is the price that would be received to sell an asset or settle a liability in an ordinary transaction between market participants at the measurement date. The fair value of an asset or a liability is measured using the assumption that market participants would use when pricing an asset or liability acting in their best economic interest. The Company used valuation techniques, which were appropriate in circumstances and for which sufficient data were available considering the expected loss/profit in case of financial assets or liabilities.

**f) Revenue Recognition:**

• **Sale of Power**

Revenue from the sale of power is recognised when the electricity is supplied and measured based on contractually agreed tariff rates.

• **Interest income**

Interest income is accounted on accrual basis. Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Interest income is included in other income in the statement of profit and loss.

• **Dividend income:**

Dividend income is accounted for when the right to receive the same is established, which is generally when shareholders approve the dividend.

**g) Employee benefits:**

**i. Short term employee benefits:**

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. Short - term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

**ii. Defined Benefit plans:**

The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Remeasurement of the net defined benefit liability, which comprises actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised immediately in other comprehensive income. Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset), to the net defined liability (asset) at the start of the financial year after taking into account any changes as a result of contribution and benefit payments during the year. Net interest expense and other expenses related to defined benefit plans are recognised in Statement of Profit and Loss.

**NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020****iii. Other long-term employee benefits**

The Company's net obligation in respect of long - term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods. That benefit is discounted to determine its present value. Remeasurement is recognised in Statement of Profit and Loss in the period in which they arise.

Entitlements to annual privilege leave are recognized when they accrue to employees. Privilege leave can be availed or encashed subject to a restriction on the maximum number of accumulation of leave. The Company determines the liability for such accumulated leaves using the projected unit credit method with actuarial valuations being carried out at each reporting date.

**h) Finance Cost**

Borrowing costs specifically relating to the acquisition or construction of qualifying assets that necessarily takes a substantial period of time to get ready for its intended use are capitalized (net of income on temporarily deployment of funds) as part of the cost of such assets. Finance costs consist of interest and other costs that the Company incurs in connection with the borrowing of funds. All other borrowing costs are expensed in the period in which they occur.

**i) Leases:**

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date, and whether the fulfilment of the arrangement is dependent on the use of the specific assets or the arrangements conveys a right to use the asset, even if that right is not explicitly specified in the arrangement.

**As Lessee (expenses)**

Assets leased by the Company in its capacity as lessee where significant portion of risks and rewards of ownership are retained by lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessors expected inflationary cost increases.

**j) Segment Reporting:**

The operations of the Company are limited to one segment, namely generation of power through renewable energy resources. All the assets and revenue earned by the Company are in India. In view of a single business and geographical segment, no further disclosure as per Ind AS 108 needs to be made.

**k) Taxation:**

- i. Tax on income for the current period is determined on the basis on estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals.
- ii. Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.
- iii. Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.
- iv. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.
- v. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.
- vi. Deferred tax relating to items recognised outside the statement of profit and loss is recognised outside the statement of profit and loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.
- vii. Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.
- viii. The break-up of the major components of the deferred tax assets and liabilities as at balance sheet date has been arrived at after setting off deferred tax assets and liabilities where the Company have a legally enforceable right to set-off assets against liabilities and where such assets and liabilities relate to taxes on income levied by the same governing taxation laws.

**NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020**

- ix. The Company review the applicability of Minimum Alternative Tax (MAT) at the end of each reporting date. Credit of MAT, if any is recognised as a part of deferred tax assets. As deferred tax asset shall be recognised for the carry forward of unused tax losses and unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilized.
- x. Deferred tax assets are the amounts of income taxes recoverable in future periods in respect of:
- Deductible temporary differences;
  - The carry forward of unused tax losses; and
  - The carry forward of unused tax credits.

The Company reviews the same at each reporting date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal income tax during the specified period.

**l) Earnings per share:**

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

**m) Provisions and contingencies:**

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

Contingent liabilities are disclosed in case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- A present obligation arising from past events, when no reliable estimate is possible;
- A possible obligation arising from past events, unless the probability of outflow of resources is remote.

Commitments include capital expenditure (net of advances) in relation to solar power plant.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

**B.4 Use of Judgements, Estimates and Assumptions**

In the process of applying the Company's accounting policies, management has made the following estimates, assumptions and judgments, which have significant effect on the amounts recognized in the financial statement. Actual result may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Assumptions and estimation uncertainties:

Assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment recognised in the financial statements are as under:

- Measurement of useful life, residual life and impairment of property, plant and equipment.

Technical experts assesses the remaining useful lives of solar power project at 25 years. Management believes that the assigned useful life is reasonable.

- Recognition of deferred tax assets: availability of future taxable profit against which tax losses carried forward can be used.
- Measurement of defined benefit obligations and planned assets.
- Recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources.
- Impairment of financial and non-financial assets.
- Revenue and margin recognition on construction and/or long term service contracts and related provision.

**(ii) Valuation technique used to determine fair value**

The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following methods and assumptions were used to estimate the fair values:

- Fair value for financial investments are valued using closing NAV.
- Fair value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- Long-term fixed-rate and variable-rate receivables / borrowings are evaluated by the Company based on parameters such as interest rates, specific country risk factors, credit risk and other risk characteristics. Fair value of variable interest rate borrowings approximates their carrying values.
- The fair value of the remaining financial instruments is determined using discounted cash flow analysis.

**Note 28 : Financial Risk Management****Financial Risk Factors**

The Company's principal financial liabilities comprise borrowings and trade and other payables. The main purpose of these financial liabilities is to manage finances for the Company's operations. The Company has loan, trade and other receivables, cash and short-term deposits that arise directly from its operations. The Company's activities expose it to a variety of financial risks:

**i) Market Risk**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risks: Interest rate risk, Other price risks, such as Equity price risk and Commodity risk. Financial instruments affected by market risk include loans, borrowings, deposits and investments. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. This is based on the financial assets and financial liabilities held as at March 31, 2020 and March 31, 2019.

## NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

**ii) Credit Risk**

Credit risk arises from cash and cash equivalents and deposits with bank(s) / other company, as well as credit exposure to counter party that will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

**iii) Liquidity Risk**

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions.

**iv) Market Risk**

The sensitivity analysis excludes the impact of movements in market variables on the carrying value of post-employment benefit obligations provisions and on the non-financial assets and liabilities. The sensitivity of the relevant Statement of Profit and Loss item is the effect of the assumed changes in the respective market risks. The Company's activities expose it to a variety of financial risks, including the effects of changes in foreign currency exchange rates and interest rates.

**(a) Foreign Exchange Risk**

The Company transacts business in Indian National Rupee (INR). The Company does not have any foreign currency financial instruments and therefore is not exposed to foreign exchange risk.

**(b) Price Risk**

The business of the company is providing services in relation setting up of solar power project. The price volatility of the commodities in domestic and international markets does not generally affect the operating activity of the Company.

**Financial instruments and cash deposits**

The Company considers factors such as track record, size of the institution, market reputation and service standards to select the banks with which balances and deposits are maintained. Generally, the balances are maintained with the institutions with which the Company has also availed borrowings. The Company does not maintain significant cash and deposit balances other than those required for its day to day operations subject to the compliance with loan facilities.

**Liquidity Risk**

The Company's objective is to at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company relies on a mix of borrowings, capital infusion and excess operating cash flows to meet its needs for funds. The current committed lines of credit are sufficient to meet its short to medium term expansion needs. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows.

**Sensitivity Analysis Method**

Sensitivity analysis is performed by varying a single parameter while keeping all other parameters unchanged. Hence, the result may vary if two or more variables are changed simultaneously. It fails to focus on the interrelationship between underlying parameters. The methods used does not indicate anything about the likelihood of change in any parameter and the extent of the change if any.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to prior period.

**Following are the Principal Actuarial Assumptions used as at the Balance Sheet date :**

Particulars	As at March 31, 2020	As at March 31, 2019
Discount Rate	Refer note below*	Refer note below*
Salary Escalation Rate – Management Staff		
Turnover Rate		

Mortality Table

\*Note: The Company had less than 10 employees on its payroll. Considering materiality, liability for leave encashment as on 31st March, 2019 and 31st March, 2020 has been recognised on actual basis rather than on actuarial basis.

**(C) Risk Exposure**

Though its defined benefit plans, the Company is expose to number of risks, the most significant of which are detailed below:

**1. Actuarial risk :**

It's the risk that benefit will cost more than expected. This can arise due to following reasons:

- (a) Adverse salary growth experience : salary hikes that are higher than the assumed salary escalation will result in an increase in obligation at a rate that is higher than expected.
- (b) Variability in mortality rates: If actual mortality rates are higher than assumed mortality rate assumption than the Gratuity benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cashflow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.
- (c) Variability in withdrawal rates: If actual withdrawal rates are higher than assumed withdrawal rate assumption than the Gratuity benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date.

**2. Investment Risk**

For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

**3. Liquidity Risk:**

Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign/retire from the Company there can be strain on the cashflows.

**4. Market Risk:**

Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate/government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

**5. Legislative Risk:**

Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation/regulation. The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

**CONSOLIDATED  
FINANCIAL  
STATEMENTS**

**INDEPENDENT AUDITOR'S REPORT**

To the Members of

**Sangam Renewables Limited**

**Report on the Audit of Consolidated Ind AS financial statements**

**Opinion**

We have audited the accompanying Consolidated Ind AS financial statements of **Sangam Renewables Limited** (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated balance sheet as at March 31, 2020, the Consolidated Statement of Profit and Loss, (including the statement of Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the Ind AS & accounting principles generally accepted in India:

- a) in the case of the Consolidated balance sheet, of the state of affairs of the Group as at March 31, 2020; and
- b) in the case of the Consolidated statement of profit and loss including other comprehensive income, of the loss including other comprehensive income for the year ended on that date.
- c) in the case of Consolidated statement of cash flows, of the cash flows for the year ended on that date.
- d) in the case of Consolidated statement of changes in equity, of the changes in equity share capital and other equity for the year ended on that date.

**Basis for Opinion**

We have conducted our audit of the Consolidated Ind AS financial statements in accordance with the Standards on Auditing as specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the Consolidated Ind AS financial statements' section of our report. We are independent of the Group in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provision of the Act and the Rules thereunder, and we have fulfilled our ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS consolidated financial statements.

**Management's Responsibility for the Ind AS Financial Statements**

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Consolidated Ind AS financial statements that give a true and fair view of the Consolidated financial position, Consolidated financial performance including other comprehensive income, Consolidated cash flows and Consolidated changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the Consolidated Ind AS financial statements, the management of the companies included in the Group is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

**Auditors Responsibility for the Audit of the Consolidated Ind AS Financial Statements**

Our objectives are to obtain reasonable assurance about whether the Consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

We have audited the internal financial controls over financial reporting of **Sangam Renewables Limited** ("the Holding Company") and its subsidiaries as of March 31, 2020 in conjunction with our audit of the Consolidated financial statements of the Group for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Holding and Subsidiary Companies' management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company and its subsidiaries' internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by other auditors of subsidiary companies is sufficient and appropriate to provide a basis for our audit opinion on the Company and its subsidiaries' internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of report of other auditors referred to in other matter paragraph below, the Holding Company and subsidiary companies have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March, 2020, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Other Matter**

Our aforesaid report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to five subsidiary companies is based on the corresponding report of the auditors of such companies.

**Note 1 : NOTES TO CONSOLIDATED FINANCIAL STATEMENT FOR THE YEAR ENDED MARCH 31, 2020****A CORPORATE INFORMATION:**

The Consolidated Financial Statements comprise financial statements of “Sangam Renewables Ltd” (“ the Holding Company”) and its subsidiaries (collectively referred to as “the Group”) for the year ended 31<sup>st</sup> March 2020.

The principal activities of the Group is generation of power through renewable energy sources and also providing consultancy service in this regard.

**B SIGNIFICANT ACCOUNTING POLICIES****B.1 Basis of Preparation:**

The consolidated financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- a) Certain financial assets and liabilities measured at fair value.

The Consolidated Financial Statements of the Group have been prepared to comply with the Indian Accounting Standards (‘Ind AS’), including the rules notified under the relevant provisions of the Companies Act, 2013.

The Consolidated Financial Statements comprise of Sangam Renewables Ltd and all its subsidiaries, being the entities that it controls. Controls are assessed in accordance with the requirement of Ind AS 110 – Consolidated Financial Statements.

The Consolidated Financial Statements are presented in Indian Rupees (INR) which is the functional currency for the Group. All amounts have been rounded-off to the nearest lakhs, unless otherwise indicated.

**Note:** Comparative figures for last year is not provided in the consolidated financial statements since this is the first year of consolidation. Like-wise the consolidated cash flow statement is not applicable for the current year.

**B.2 Principles of Consolidation**

- a. The Consolidated Financial Statements are prepared using the Financial Statements of the Parent Company and Subsidiary Companies drawn up to the same reporting period i.e 31<sup>st</sup> March 2018.
- b. The financial statements of the Holding Company and its Subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, equity, incomes, and expenses after fully eliminating intra-group balances and intra-group transactions. The results of operations of subsidiary are included in the consolidated financial statements from the date on which the parent subsidiary relationship came into existence.
- c. Goodwill represents the difference between the company’s share in the net worth of subsidiaries and the cost of acquisition at each point of time of making the investment in the subsidiaries.
- d. The Consolidated Financial Statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances.
- e. The carrying amount of the parent’s investment in each subsidiary is offset (eliminated) against the parent’s portion of equity in each subsidiary.

**B.3 Summary of Significant Accounting Policies:**

The following are the significant accounting policies applied by the Group in preparing its consolidated financial statements:

**a) Property, plant and equipment:**

- Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at cost less accumulated depreciation and impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the item.
- Subsequent costs are included in the asset’s carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of item can be measured reliably.
- The gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the Consolidated Statement of Profit and Loss on the date of disposal or retirement.
- On transition to Ind AS, the Group has elected to continue with the carrying value of all of its property, plant and equipment recognized as at 1st April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.
- Capital work in progress: Direct expenses including borrowing cost incurred during construction period on capital projects are capitalized. Other direct expenses pertaining to capital projects are allocated to projects shall also capitalized.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENT FOR THE YEAR ENDED MARCH 31, 2020**

- Depreciation on the property, plant and equipment is provided on the straight line basis over the useful life of assets as specified in Part C of Schedule II to the Companies Act, 2013 or useful lives of assets estimated by the management based on technical advice in cases where a useful life is different than indicated in schedule II.

The following table shows the period over which management expects to use assets:

Asset category	Management estimated useful life	Useful life as per schedule II
End user devices such as desktops, laptops	3 yrs	3 yrs
Servers and networks	6 yrs	6 yrs
Furniture	10 yrs	10 yrs
Office equipment	5 yrs	5 yrs
Solar Power Plant	25 yrs	15 yrs

- Property, plant and equipment which are added / disposed off during the year, depreciation is provided on pro-rata basis with reference to the month of addition / deletion.

**b) Impairment of non-financial assets – PPE and Other Intangible Assets:**

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the asset's or Cash generating Units (CGU's) recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the consolidated statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase. Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

**c) Financial Instruments:****(I) Financial Assets:****➤ Initial recognition and measurement**

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Financial assets are classified, at initial recognition, as financial assets measured at fair value or as financial assets measured at amortised cost.

**➤ Subsequent Measurement****• Financial assets measured at Amortised Cost**

A financial asset is measured at Amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**• Financial assets measured at Fair Value Through Other Comprehensive Income (FVTOCI)**

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**• Financial assets measured at Fair Value Through Profit or Loss (FVTPL)**

A financial asset which is not classified in any of the above categories are measured at FVTPL.

**➤ Impairment of Financial Assets:**

The Group assesses impairment based on expected credit losses model to the following:

- Financial assets measured at amortized cost;
- Financial assets measured at fair value through other comprehensive income (FVTOCI);

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12- months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from default events over the life of the financial instruments).

**NOTES TO CONSOLIDATED FINANCIAL STATEMENT FOR THE YEAR ENDED MARCH 31, 2020**

The Group follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables or contract revenue receivables.

Under simplified approach, the Group does not track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime expected credit losses at each reporting date, right from its initial recognition.

The Group uses provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix uses historical rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default dates are reviewed and changes in the forward looking estimates are analysed.

For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If the credit risk has not increased significantly, 12 month expected credit losses is used to provide for impairment loss. However, if the credit risk has increased significantly, lifetime expected credit losses is used. If, in subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Group reverts to recognizing impairment loss allowance based on 12-month expected credit losses.

For assessing increase in credit risk and impairment loss, the Group combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increase in credit risk to be identified on a timely basis.

➤ **Derecognition:**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Group's consolidated statement of financial position) when:

- The rights to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash flows from the asset.

**(II) Financial liabilities:**

➤ **Initial Recognition and measurement**

All financial liabilities are recognised initially at fair value and, in the case of loans, borrowings and payables, net of directly attributable transaction costs. The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

➤ **Subsequent measurement**

The measurement of financial liabilities depends on their classification, as described below:

• **Financial liabilities at fair value through profit and loss:**

It includes financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit and loss.

Financial liabilities classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognized in the consolidated statement of profit and loss.

Financial liabilities designated upon initial recognition at fair value through profit and loss are designated upon initial recognition, and only if the criteria in Ind AS 109 are satisfied.

• **Loans and Borrowings:**

Borrowings are initially recognised at fair value, net of transaction cost incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction cost) and the redemption amount is recognised in profit or loss over the period of the borrowings using EIR method/ Straight line method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facilities will be drawn down. In this case, the fees is deferred until the drawn down occurs. To the extent there is no evidence that it is probable that some or all of the facilities will be drawn down, the fee is capitalised as a prepayment of liquidity services and amortised over the period of the facilities to which it relates.

➤ **Derecognition of Financial Liabilities:**

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash asset transferred or liabilities assumed, is recognised in profit or loss as other gain/(losses).

**NOTES TO CONSOLIDATED FINANCIAL STATEMENT FOR THE YEAR ENDED MARCH 31, 2020****(III) Offsetting of financial instruments:**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group, or the counterparty.

**d) Fair value measurement:**

Fair value is the price that would be received to sell an asset or settle a liability in an ordinary transaction between market participants at the measurement date. The fair value of an asset or a liability is measured using the assumption that market participants would use when pricing an asset or liability acting in their best economic interest. The Group used valuation techniques, which were appropriate in circumstances and for which sufficient data were available considering the expected loss/profit in case of financial assets or liabilities.

**e) Revenue Recognition:****• Sale of Power**

Revenue from the sale of power is recognised when the electricity is supplied and measured based on contractually agreed tariff rates.

**• Interest income**

Interest income is accounted on accrual basis. Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Interest income is included in other income in the consolidated statement of profit and loss.

**• Dividend income:**

Dividend income is accounted for when the right to receive the same is established, which is generally when shareholders approve the dividend.

**f) Employee benefits:****i. Short term employee benefits:**

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. Short - term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

**ii. Defined Benefit plans:**

The Group's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Group, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Re-measurement of the net defined benefit liability, which comprises actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised immediately in other comprehensive income. Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset), to the net defined liability (asset) at the start of the financial year after taking into account any changes as a result of contribution and benefit payments during the year. Net interest expense and other expenses related to defined benefit plans are recognised in Consolidated Statement of Profit and Loss.

**iii. Other long-term employee benefits**

The Group's net obligation in respect of long - term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods. That benefit is discounted to determine its present value. Remeasurement is recognised in Consolidated statement of Profit and Loss in the period in which they arise.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENT FOR THE YEAR ENDED MARCH 31, 2020**

Entitlements to annual privilege leave are recognized when they accrue to employees. Privilege leave can be availed or encashed subject to a restriction on the maximum number of accumulation of leave. The Group determines the liability for such accumulated leaves using the projected unit credit method with actuarial valuations being carried out at each reporting date.

Further refer note no 31 of accompanying noted of consolidated financial statements.

**g) Finance Cost**

Borrowing costs specifically relating to the acquisition or construction of qualifying assets that necessarily takes a substantial period of time to get ready for its intended use are capitalized (net of income on temporarily deployment of funds) as part of the cost of such assets. Finance costs consist of interest and other costs that the Group incurs in connection with the borrowing of funds. All other borrowing costs are expensed in the period in which they occur.

**h) Leases:**

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date, and whether the fulfilment of the arrangement is dependent on the use of the specific assets or the arrangements conveys a right to use the asset, even if that right is not explicitly specified in the arrangement.

**As Lessee (expenses)**

Assets leased by the Group in its capacity as lessee where significant portion of risks and rewards of ownership are retained by lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessors expected inflationary cost increases.

**i) Segment Reporting:**

The operations of the Group are limited to one segment, namely generation of power through renewable energy resources. All the assets and revenue earned by the Group are in India. In view of a single business and geographical segment, no further disclosure as per Ind AS 108 needs to be made.

**j) Taxation:**

- i. Tax on income for the current period is determined on the basis on estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals.
- ii. Current income tax relating to items recognised directly in equity is recognised in equity and not in the consolidated statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.
- iii. Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.
- iv. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.
- v. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.
- vi. Deferred tax relating to items recognised outside the consolidated statement of profit and loss is recognised outside the consolidated statement of profit and loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.
- vii. Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.
- viii. The break-up of the major components of the deferred tax assets and liabilities as at balance sheet date has been arrived at after setting off deferred tax assets and liabilities where the Group have a legally enforceable right to set-off assets against liabilities and where such assets and liabilities relate to taxes on income levied by the same governing taxation laws.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENT FOR THE YEAR ENDED MARCH 31, 2020**

- ix. The Group review the applicability of Minimum Alternative Tax (MAT) at the end of each reporting date. Credit of MAT, if any is recognised as a part of deferred tax assets. As deferred tax asset shall be recognised for the carry forward of unused tax losses and unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilized.
- x. Deferred tax assets are the amounts of income taxes recoverable in future periods in respect of:
- Deductible temporary differences;
  - The carry forward of unused tax losses; and
  - The carry forward of unused tax credits.

The Group reviews the same at each reporting date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the Group will pay normal income tax during the specified period.

**k) Earnings per share:**

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

**l) Provisions and contingencies:**

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

Contingent liabilities are disclosed in case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- A present obligation arising from past events, when no reliable estimate is possible;
- A possible obligation arising from past events, unless the probability of outflow of resources is remote.

Commitments include capital expenditure (net of advances) in relation to solar power plant.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

**B.4 Use Of Judgements, Estimates And Assumptions**

In the process of applying the Group's accounting policies, management has made the following estimates, assumptions and judgments, which have significant effect on the amounts recognized in the financial statement. Actual result may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Assumptions and estimation uncertainties:

Assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment recognised in the financial statements are as under:

- Measurement of useful life, residual life and impairment of property, plant and equipment.

Technical experts assesses the remaining useful lives and residual value of solar power project. Management believes that the assigned useful life is reasonable.

- Recognition of deferred tax assets: availability of future taxable profit against which tax losses carried forward can be used.
- Measurement of defined benefit obligations and planned assets.
- Recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources.
- Impairment of financial and non-financial assets.
- Revenue and margin recognition on construction and/or long term service contracts and related provision.

**(ii) Valuation technique used to determine fair value**

The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following methods and assumptions were used to estimate the fair values:

- Fair value for financial investments are valued using closing NAV.
- Fair value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- Long-term fixed-rate and variable-rate receivables / borrowings are evaluated by the Company based on parameters such as interest rates, specific country risk factors, credit risk and other risk characteristics. Fair value of variable interest rate borrowings approximates their carrying values.
- The fair value of the remaining financial instruments is determined using discounted cash flow analysis.

**Note 30 : Financial Risk Management****Financial Risk Factors**

The Group's principal financial liabilities comprise borrowings and trade and other payables. The main purpose of these financial liabilities is to manage finances for the Group's operations. The Group has loan, trade and other receivables, cash and short-term deposits that arise directly from its operations. The Group's activities expose it to a variety of financial risks:

**i) Market Risk**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risks: Interest rate risk, Other price risks, such as Equity price risk and Commodity risk. Financial instruments affected by market risk include loans, borrowings, deposits and investments. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. This is based on the financial assets and financial liabilities held as at March 31, 2018.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

**ii) Credit Risk**

Credit risk arises from cash and cash equivalents and deposits with bank(s) / other company, as well as credit exposure to counter party that will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

**iii) Liquidity Risk**

Liquidity risk is the risk that the Group may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions.

**iv) Market Risk**

The sensitivity analysis excludes the impact of movements in market variables on the carrying value of post-employment benefit obligations provisions and on the non-financial assets and liabilities. The sensitivity of the relevant consolidated Statement of Profit and Loss item is the effect of the assumed changes in the respective market risks. The Group's activities expose it to a variety of financial risks, including the effects of changes in foreign currency exchange rates and interest rates.

**(a) Foreign Exchange Risk**

The Group transacts business in Indian National Rupee (INR). The Group does not have any foreign currency financial instruments and therefore is not exposed to foreign exchange risk.

**(b) Price Risk**

The business of the Group is providing services in relation setting up of solar power project. The price volatility of the commodities in domestic and international markets does not generally affect the operating activity of the Group.

**Financial instruments and cash deposits**

The Group considers factors such as track record, size of the institution, market reputation and service standards to select the banks with which balances and deposits are maintained. Generally, the balances are maintained with the institutions with which the Group has also availed borrowings. The Group does not maintain significant cash and deposit balances other than those required for its day to day operations subject to the compliance with loan facilities.

**Liquidity Risk**

The Group's objective is to at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Group relies on a mix of borrowings, capital infusion and excess operating cash flows to meet its needs for funds. The current committed lines of credit are sufficient to meet its short to medium term expansion needs. Management monitors the Group's liquidity position through rolling forecasts on the basis of expected cash flows.

**Note 31 : Capital management**

For the purposes of the Group's capital management, capital includes issued capital and all other equity reserves.

The Group's objectives when managing capital are to:

- Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders.
- Maintain an optimal capital structure to reduce cost of capital.

The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The Group monitors capital using a gearing ratio, which is debt divided by equity capital. No changes were made in objectives, policies or processes during the year ended March 31, 2020.

**Sensitivity Analysis Method**

Sensitivity analysis is performed by varying a single parameter while keeping all other parameters unchanged. Hence, the result may vary if two or more variables are changed simultaneously. It fails to focus on the interrelationship between underlying parameters. The methods used does not indicate anything about the likelihood of change in any parameter and the extent of the change if any.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to prior period.

**Following are the Principal Actuarial Assumptions used as at the Balance Sheet date :**

Particulars	As at March 31, 2020	As at March 31, 2019
Discount Rate	Refer note below*	Refer note below*
Salary Escalation Rate – Management Staff		
Turnover Rate		
Mortality Table		

\*Note: The Company had less than 10 employees on its payroll. Considering materiality, liability for leave encashment as on 31st March, 2019 and 31st March, 2020 has been recognised on actual basis rather than on actuarial basis.

**(C) Risk Exposure**

Though its defined benefit plans, the Company is expose to number of risks, the most significant of which are detailed below:

**1. Actuarial risk :**

It's the risk that benefit will cost more than expected. This can arise due to following reasons:

- (a) Adverse salary growth experience : salary hikes that are higher than the assumed salary escalation will result in an increase in obligation at a rate that is higher than expected.
- (b) Variability in mortality rates: If actual mortality rates are higher than assumed mortality rate assumption than the Gratuity benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cashflow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.
- (c) Variability in withdrawal rates: If actual withdrawal rates are higher than assumed withdrawal rate assumption than the Gratuity benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date.

**2. Investment Risk**

For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

**3. Liquidity Risk:**

Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign/retire from the Company there can be strain on the cashflows.

**4. Market Risk:**

Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate/government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

**5. Legislative Risk:**

Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation/regulation. The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.
