

Waaree Renewable Technologies Limited to Distribute 7000 Schools Bags in Tunki and Palitana, Gujarat

Mumbai, January 27th, 2025: The company will Waaree Renewable Technologies Limited (WRTL), a subsidiary of Waaree Energies Limited, spearheading the Solar EPC sector, will distribute 7000 school bags to students across various schools in Tunki and Palitana villages on occasion of Republic day. This initiative is part of WRTL's broader commitment to corporate social responsibility and community engagement. The activity will be done in collaboration with local schools and community leaders at the respective villages.

The distribution event not only aims to provide essential educational tools but also highlights WRTL's dedication to promoting learning environments where young minds can thrive. The company believes that empowering local communities through education, aligns with its mission to promote sustainability beyond energy solutions. Waaree seeks to be an enabler of these students' academic careers, while alleviating the financial strain on their families. By supplying necessary materials, WRTL is creating a conducive learning atmosphere and contributing to the academic development of students

Speaking on the occasion, **Mr Viren Doshi, Director, Waaree Renewable Technologies Limited**, said: *"At WRTL, we believe that education is crucial for building a sustainable future. Villages across India have been a key focus of our CSR initiatives, and we are dedicated to making a positive impact in the communities. By investing in the education of our children today, we are empowering the leaders of tomorrow. Notably, Tunki holds a special significance for us, as my brothers and I studied at Zilla Parishad Central School in Tunki, and we are committed to giving back to our roots and honoring our heritage."*

Waaree group's dedicated CSR team embarked on a purposeful journey, spanning across Tunki and Palitana villages. Through engagement with these government schools, this initiative has made a positive impact on the lives of thousands of children over the past few years. This CSR effort represents another step forward in Waaree Group's journey as a leader in renewable energy initiatives while recognizing its role as a responsible corporate citizen domestically and globally.

About Waaree Renewable Technologies Limited:

Waaree Renewable Technologies Limited (WRTL) is subsidiary company of Waaree Group and spearheading the Solar EPC business. Waaree Group has successfully installed 10000+ solar projects with cumulative installation done for over 1.82 GW. We are also a solar developer that finances, constructs, owns and operates solar projects. Headquartered in Mumbai, we operate across geographies, focusing on long-term investments within the commercial and industrial customer segments. This subsidiary was formed to tap into the growing renewable energy market. Waaree group is a leading renewable energy company that caters Individual, Industrial and Commercial customers by encouraging them to adapt energy solutions that helps in reducing the release of carbon. The company provides clean energy to its clients by setting up both on-site solar projects (rooftop and ground-mounted) and off-site solar farms (open access solar plants).
